Fees and operating terms

Fee	Amount / terms
Intake / processing	\$25 per firearm, due at intake. Credited once as stated below.
In-store commission, if sold	15% of final sale price; \$75 minimum commission per firearm.
Online commission, if sold	20% of final sale price; \$100 minimum commission per firearm.
Renewal	\$15 per firearm for each additional agreed 90-day term.
Online listing / preparation	\$40 per firearm when online preparation was completed and the firearm did not sell.
Online relisting / auction renewal	\$15 per firearm per basic relisting cycle. \$25 per firearm when new photography, description changes, research, repricing, or revised listing preparation is required. Actual marketplace, auction, payment-processing, shipping or insurance charges are additional when incurred.

The \$25 intake payment is credited once toward an earned commission, or toward the \$40 online preparation fee if the firearm is returned unsold after the full initial 90 days. Renewal payments and relisting / auction renewal fees are separate charges and are not credited unless Ikkin Arms agrees in writing.

OPERATING TERMS

90-DAY TERM AND RENEWAL

The initial term begins on the date each firearm is received and lasts 90 calendar days. Each additional 90-day term requires the mutual agreement of Ikkin Arms and the consignor and payment of \$15 per unsold firearm at renewal. There is no automatic renewal. No storage fee accrues during an active agreed term.

OPTIONAL COLLECTION TRIP

\$35 per trip plus \$0.75 per mile for round-trip travel from 1250 Scottsville Road, Rochester, NY, to the agreed collection location and back. We quote the trip and obtain the consignor approval before travel. This fee is separate from the \$25 per-firearm intake charge and is due when the collection trip is made. Applicable tolls require prior agreement.

EARLY WITHDRAWAL

If the consignor requests withdrawal before the first 90 days end: \$35 per in-store firearm or \$50 per online-listed firearm. This is separate from any lawful return-processing fee or dealer transfer-out fee.

OWNER-DIRECTED TRANSFER TO ANOTHER FFL

On termination of an unsold consignment, transfer-out to another FFL costs \$50 for the first firearm plus \$20 for each additional firearm in the same dealer pickup. This schedule also applies to an owner-arranged direct sale to an independent FFL buyer. Applicable early-withdrawal and actual agreed shipping/insurance charges are additional.

OWNER-ARRANGED SALE WHILE UNDER CONSIGNMENT

The owner must notify Ikkin Arms before release and disclose the buyer and actual sale price. If the owner independently finds an FFL buyer, negotiates the sale and is paid directly, no in-store or online commission applies; the dealer transfer-out fee applies, plus intake, collection, renewal, online preparation, online relisting / auction renewal and other fees already due. If Ikkin Arms introduced the buyer through its listing, advertisement, showing or direct referral during an active term, the selected commission applies to the documented sale price even if payment goes directly to the owner.

RETURN DIRECTLY TO CONSIGNOR

Lawful return requires the applicable background-check and transfer process before release. Return-processing fees: rifle \$39 per firearm; shotgun \$39 per firearm; handgun \$49 per firearm; when multiple handguns are returned together, \$59 per handgun for additional reporting and processing. Other required governmental or processing charges may apply.

ONLINE LISTING, PREPARATION AND RELISTING - WHEN APPLICABLE

If the online option was selected, listing preparation was completed, the firearm did not sell, and the consignor elects direct return or other disposition, the online preparation fee is \$40 per firearm. After the full initial 90-day term, the \$25 intake payment already collected for that firearm is credited toward this fee, leaving \$15 due for preparation at pickup. If an online or auction listing expires, is removed, must be renewed, or must be refreshed without a completed sale, each basic relisting cycle is \$15 per firearm. If new photography, description changes, research, repricing, or revised listing preparation is required, the relisting / preparation fee is \$25 per firearm.

END OF TERM, STORAGE AND UNCLAIMED FIREARMS

For an unsold firearm that is not renewed, Ikkin Arms will contact the consignor. The consignor has 14 calendar days after notification to arrange lawful pickup or other lawful disposition. Then storage is \$15 per firearm per month until lawful transfer or disposition. An unclaimed firearm does not automatically become Ikkin Arms property; disposition follows applicable law and required notice.
